Those who have tried it, know that it cured them; those who have sot, know that it cures their neighbors and friend and all know that what it does once it does alway that it never fail, through any fault or neglect of to composition. We have, and can show, thou ands upon thousands of certificates of remarkaale cures of the following complaints, but such ares are known in every neighborhood, and why hould we publish them? Adapted to all ages and onditions in all climates; containing neither calo ael or any deleterious drug, they may be taken ath safety by anybody. Their sugar coating preerves them ever fresh and makes them pleasant to ake, while being purely vegetable no harm can rise from their use in any quantity.

They operate by their powerful influence on the sternal viscera to purify the blood and stimulate it sto healthy action - remove the obstructions of the omach, bowels, liver, and other organs of the correcting, wherever they exict, such derangeents as are the first origin of disease. There are numerous cases where a purgative is required, which we cannot enumere here, but they auggest themselves to everybody public no longer doubt what to employ.

Ayer's Cherry Pectoral. For Diseases of the Throat and Lungs. such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply apon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affection of the lungs and throat, have made it known as a re hable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dan crous affections of the throat and lungs. As a pro ision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them. Although settled Consumption is thought in curable, still great numbers of cases where the dis case seemed settled, have been completely cured and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When noth ing else could reach them, under the Cherry Pertoral they gabside and disappear. Singers and Public Speakers and great pro

Asthma is always relieved and often wholly Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses. So generally are its virtues known that it is nunecessary to publish the certificates of them here or do more than assure the public that its qualitie are fully maintained.
